Scheduled Presenter(s):
Lori Lamb, Vice Chancellor for Human Resources

Outline of Key Points:
• Update on referral from Internal Audit Committee

Background Information:
The Audit Committee has referred to the Human Resources Committee findings from the OLA report. Vice Chancellor Lamb will update the Board on progress related to the audit findings.
BACKGROUND

At the September 8, 2009, Audit Committee meeting, the Office of the Legislative Auditor released its financial audit of eight colleges. Section A of the report cited seven findings that the auditor described as “significant internal control weaknesses and compliance concerns related to specific colleges and system weaknesses noted at a majority of the colleges we audited.” Section B of the report cited an additional 13 findings that had more isolated effects and could be “effectively resolved by college management.” The Audit Committee concentrated on the seven findings cited in Section A of the report and asked the Office of the Chancellor to recommend actions and policy referrals so that corrective actions, as necessary, would be taken by all colleges and universities in the system so that these findings would not reappear in future audits as systemic problems.

At its October 13, 2009, meeting, the Audit Committee reviewed the actions and referrals recommended by the Office of the Chancellor. The committee concurred with the recommendations, but added another referral to the Human Resources Committee.

1. Finding #2 cited widespread problems with accounting for administrator and faculty leave. Labor agreements govern the eligibility for leave accruals; no board policies or system procedures address accounting for employee leave.

2. Findings #6 and #7 raised questions about early separation incentives paid to former faculty members. Board Policy 4.6 establishes limitations on the re-employment of employees who have received such payments. Recently Policy 4.11 was approved to offer a new program for early separation incentives, as authorized by the 2009 legislature. The findings cited by the Legislative Auditor pertained to incentive programs authorized by the MSCF bargaining agreement.

3. Finding #7 also mentioned the role of “past practice” related to applying labor contract provisions. The Audit Committee members referred to the Human Resources Committee concerns about how “past practices” and negotiated letters of understanding affect interpretation and implementation of the contracts.
