BOARD ACTION

Proposed Revisions to System Strategic Plan

BACKGROUND

One the Board’s most critical responsibilities is to insure the long-term success of the system in adapting to the needs of Minnesotans. By 2020 and beyond, Minnesota State Colleges and Universities will undergo profound changes demanding innovation and courage. Throughout its discussions across many topics, the Board has recognized urgency in positioning the system to respond to significant challenges affecting its future performance and financial viability.

To prepare for the changes ahead, the Board initiated a review of the current 2008-2012 System Strategic Plan to update it for the years 2010-2014. The new plan is intended to:

- Direct the Chancellor’s leadership and transition to an incoming Chancellor,
- Serve and a foundation for the 2012 – 2013 state appropriation request,
- Guide decisions during a difficult fiscal recovery,
- Inspire the system to achieve excellence and accountability,
- Prepare for “disruptive innovations,” and
- Lay the groundwork for longer range planning to 2020.

The revised System Strategic Plan adds a preamble to state the Board’s overarching perspective on planning for the future. Proposed changes update the Plan to reflect issues which are of growing importance to the public’s agenda for higher education. The revised Plan introduces a new strategic direction that highlights financial sustainability and cost-effectiveness needed to respond to challenging financial conditions. Another significant change adds a goal focusing on program completion as a measure of success for many students and as a key contribution to state advancement. Other new goals direct action to engage talented faculty and staff who will invent the future of the colleges and universities.

Much of the work in updating the plan was conducted by the Ad Hoc Committee on System Planning established by the Board in November, 2010. Members of the Ad Hoc Committee were:

- Trustees Dan McElroy (chair), Christopher Frederick, David Paskach and Christine Rice.
- Presidents Cecelia Cervantes, Richard Davenport, Kevin Kopischke and Edna Szymanski.
- Senior Vice Chancellor Linda Baer, Vice Chancellors Laura King, Lori Lamb and Interim Vice Chancellor Carolyn Parnell.
The Ad Hoc Committee, assisted by Trustee Duane Benson, conducted listening sessions for the public in Brooklyn Park (January 21), Moorhead (January 27), Alexandria (January 28), and Mankato (February 1) on the campuses of presidents named to the Ad Hoc Committee. Revisions to the plan reflect many of the comments and suggestions offered during these sessions.

The Ad Hoc Committee presented its draft to the Board of Trustees in March, 2010, where it was further revised. All Board members and presidents were invited to provide comments on the draft for review at a Board study session in April, 2010. During the study session, Board members offered additional revisions.

The draft proposed for Board approval in June, 2010 appears below. Documentation of proposed changes to System Strategic Plan the may be found in two attachments:

- Attachment A. Comparison of the proposed 2010-2014 System Strategic Plan with the current 2008-2010 System Strategic Plan.
- Attachment B. Suggested revisions to the previous draft made as a result of the Board’s review in April.
