

Minnesota State Colleges and Universities Board Policies Chapter 3 – Educational Policies

3.19 Academic Program Redesign

The Chancellor or designee shall approve all program redesigns that affect the approved name, CIP code, addition or deletion of related program alternatives, award conferred, or program credit length when the change exceeds the maximum or fails to meet the minimum program credit lengths set by Board policy. Approval shall be obtained prior to implementation of these redesigns. Prior approval is not required for changes in program credit length when the change is within the limits established by Board policy.

Colleges and Universities shall provide prior notice to the Chancellor or designee of all changes in programs' credit length.

Date of Implementation: 12/17/97

Date of Adoption: 12/17/97

Date and Subject of Revision:
