

Minnesota State Colleges and Universities Board Policies Chapter 3 – Educational Policies

3.20 Academic Program Replication or Relocation

Program replications and/or relocations to another authorized location require approval of the Chancellor or designee when: 1) the replication or relocation affects an existing agreement between institutions; 2) the new location is in the same program service area or within a reasonable commute of a similar program offered by another MnSCU institution; or 3) the relocation is from one college or university to another college or university.

Colleges and universities shall notify the Chancellor or designee of the intent to replicate or relocate a program at least three months prior to the beginning of the classes at the new location.
