We educate Minnesota. We make it work. 1
The Minnesota State Colleges and Universities educate:

- 52 percent of the state’s new teaching graduates.
- 82 percent of the state’s new nursing graduates.
- 86 percent of the state’s new law enforcement graduates.
- 87 percent of new graduates in the construction trades.
- 92 percent of new mechanics graduates.
- 42 percent of the state’s new business graduates.
- 9,000 firefighters and emergency first responders each year.

More than 80 percent of graduates stay in Minnesota to work or continue their education.
In addition, the state colleges and universities:

- Serve nearly 390,000 students each year in credit and noncredit courses.
- Produce 33,500 graduates each year.
- Serve more students of color than any other higher education provider in Minnesota – more than 36,300 in 2008.
- Provide career education to 6,000 employers and 153,200 employees each year.
- Offer more than 270 programs and 8,500 course sections completely or predominantly online.
- Educate 64 percent of the state’s undergraduates.
- Return $10.87 to the state’s economy for every $1 of net state appropriation.

More than 88 percent of graduates get jobs related to their field of study.
ABOUT THE SYSTEM

• The Minnesota State Colleges and Universities system is the **fifth-largest system** of two- and four-year colleges and universities in the country, based on student enrollment.

• All of the system’s two-year community and technical colleges have an **open admissions** policy, which means that anyone with a high school diploma or GED may enroll. Tuition at Minnesota State Colleges and Universities is lower than tuition at private colleges, private trade schools and the University of Minnesota.

• Nearly 66,000 students took **online courses** during the 2007-2008 academic year. A complete list of online courses, programs and services can be found at www.minnesotaonline.org.

• An **appropriation** by the state of Minnesota helps keep the tuition as low as possible. For every $1 paid in tuition, the state pays $1.02 to support a student’s education.

History

The Minnesota State Colleges and Universities system was created through the merger of three existing higher education systems – the state university system, the community college system and the technical college system. The Minnesota Legislature approved the merger in 1991 and it became effective July 1, 1995. Before the merger, there were 45 colleges and universities; today, consolidations and mergers have reduced the number of institutions to 32.

The Minnesota State Colleges and Universities system is governed by a 15-member Board of Trustees. Trustees are appointed by the governor and confirmed by the Minnesota Senate. Twelve trustees serve six-year terms, eight representing each of Minnesota’s congressional districts and four serving at large. Three student trustees – one from a state university, one from a community college and one from a technical college – serve two-year terms.

VISION

The Minnesota State Colleges and Universities will enable the people of Minnesota to succeed by providing the most accessible, highest value education in the nation.

MISSION

The Minnesota State Colleges and Universities system of distinct and collaborative institutions offers higher education that meets the personal and career goals of a wide range of individual learners, enhances the quality of life for all Minnesotans and sustains vibrant economies throughout the state.

STRATEGIC PLAN SUMMARY

*Designing the Future: Minnesota State Colleges and Universities Strategic Plan 2008-2012* is the system’s strategic plan, adopted by the Board of Trustees in 2006 and revised in 2008. The plan contains four strategic directions:

- Increase access and opportunity.
- Promote and measure high-quality learning programs and services.
- Provide programs and services that enhance the economic competitiveness of the state and its regions.
- Innovate to meet current and future educational needs.
STATE HIGHER EDUCATION OBJECTIVES
(Minnesota Statues 135A.011)

Minnesota’s higher education investment is made in pursuit of the following objectives:

• to ensure quality by providing a level of excellence that is competitive on a national and international level, through high quality teaching, scholarship, and learning in a broad range of arts and sciences, technical education and professional fields;

• to foster student success by enabling and encouraging students to choose institutions and programs that are best suited for their talents and abilities, and to provide an educational climate that supports students in pursuing their goals and aspirations;

• to promote democratic values and enhance Minnesota’s quality of life by developing understanding and appreciation of a free and diverse society;

• to maintain access by providing an opportunity for all Minnesotans, regardless of personal circumstances, to participate in higher education; and

• to enhance the economy by assisting the state in being competitive in the world market, and to prepare a highly skilled and adaptable workforce that meets Minnesota’s opportunities and needs.
